

January 29, 2015

Dr. Todd Samuel Harris  
California Hernia Specialists  
4501 Birch Street  
Newport Beach, CA 92660

Dear Dr. Todd Samuel Harris,

Congratulations. You have been selected to the *Super Doctors*® 2015 Southern California Rising Stars<sup>SM</sup> list. Verified honorees will be published in a special advertising section that will be seen in the August 2015 issue of *Los Angeles* magazine and online at [www.superdoctors.com](http://www.superdoctors.com).

*Rising Stars* are outstanding physicians who have been fully-licensed to practice approximately 10 years or less. Doctors were selected after a peer-nomination process, input by a special blue ribbon panel of honorees and extensive review by the research team at MSP Communications, a leading researcher and publisher of *Super Doctors*. *Rising Stars* represent approximately 2.5 percent of the top young physicians in the area that have demonstrated noteworthy achievements early in their careers.

**IMPORTANT: To ensure your name is included on the list and that the information we publish is accurate and up-to-date, you must return the enclosed Data Verification (DV) form, or provide this information online at [my.superdoctors.com](http://my.superdoctors.com), by March 26, 2015. See the enclosed DV form for online instructions.**

Enclosed you will also find some marketing materials and a standard profile order form. While there are great marketing opportunities available to you, your status is in no way dependent on advertising. We maintain strict separation between our selection process and advertising. There is no charge to be listed in *Los Angeles* magazine or at [superdoctors.com](http://superdoctors.com).

Again, congratulations, and please verify your information at [my.superdoctors.com](http://my.superdoctors.com) or return the enclosed form!

Best Regards,

Becky Kittelson  
MSP Communications
